

Presidents report, 13th of October 2025

I'd like to take this opportunity to thank Kerin for all she does plus our committee (tutors) the support and teamwork has been amazing.

Our monthly Group classes have been a great success getting across information that's needed by us all.

Kerin has reminded us that it's important to discuss subsidising the Christmas dinner for our members as this is only weeks away.

We have a quarterly meeting Monday week 20 October. This gives members the opportunity to discuss anything that they would like to know about our club, and make suggestions.

Glad to see a regular flow of new members that we have been able to support .

Fay Rollans.
